Dear Friends,

2025 was a milestone year for The Security Foundation.

For the first time we convened OSAC's and DSAC's annual meetings together as Security Week – a week of joint programs, cross-sector working sessions, new connections, and celebrations of OSAC's 40th and DSAC's 20th anniversaries. That shared forum accelerated practical collaboration on workforce development, duty of care, and incident response, and highlighted the power of public-private partnership to solve real problems. None of this would have been possible without your membership, sponsorships, and leadership – your support keeps OSAC and DSAC programming accessible to members, funds our grantmaking and SCEA work, and seeds new initiatives that strengthen the profession. Thank you for investing in convening, learning, and community. We look forward to building on Security Week's momentum together.

Sincerely,

Dave Komendat
President

Peggy O'Neill
Executive Director

Year in Review

TSF IMPACT

In 2025, The Security Foundation made several monumental advancements in both our internal operations and in how we serve the security community. Below are just a few of the highlights that have made 2025 so impactful:

600+ Programs Funded

We are thrilled to announce that we have surpassed over 600 programs funded since our inception. This incredible volume showcases the lasting impact TSF has made across a variety of security initiatives and underscores the critical role of our donors in making this possible.

Security Coalition for Engagement & Advancement (SCEA)

The Security Community Partner Calendar (SCPC), a 2025 SCEA initiative, is a centralized hub for trusted in-person security events. The goal is to deconflict event schedules to reduce overlap, while increasing visibility and coordination across a more connected security community.

Unified Fundraising and Annual Events

For the first time, TSF combined its fundraising campaign with the annual events cycle, raising **unrestricted support** rather than soliciting funds tied specifically to OSAC or DSAC. This streamlined approach increased flexibility for mission-driven investments across TSF programs and initiatives.

OSAC + DSAC → Security Week

TSF convened the OSAC Annual Briefing and the DSAC Annual Meeting as a single, week-long **Security Week** – a sequence of joint plenaries, cross-sector working sessions, regional and sector forums, and targeted operational events – and celebrated **OSAC’s 40th** and **DSAC’s 20th** anniversaries. The integrated format deepened collaboration between domestic and global practitioners and created dozens of new operational connections.

48 DSAC EVENTS FUNDED

TSF Leadership

Margaret Levine Spotlight:

2025 concluded Margaret Levine’s tenure on the TSF Board of Directors.
Nine years of leadership - lasting impact.

As Chair of the Program Committee, she strengthened our grantmaking process and helped ensure the highest standards of accountability in support of OSAC, DSAC, and nonprofit programs. A respected leader and trailblazer in the security profession, Margaret’s insight and commitment have shaped TSF’s work in meaningful ways.

The Security Foundation proudly thanks Margaret Levine for her dedicated service on our Board of Directors.

DSAC Support

DSAC's network brings together private-sector security leaders from across industries with partners from the Federal Bureau of Investigation and the U.S. Department of Homeland Security. Through its programs and events, these relationships continue to grow, creating space to share insight and learn from one another's experience. The result is a more connected security community, better positioned to respond to evolving threats, from natural disasters to crime and broader national security challenges.

In 2025, The Security Foundation supported 15 DSAC events, including the DSAC Annual Meeting, which marked the organization's 20th anniversary. This milestone reflects two decades of strengthening public-private collaboration and advancing DSAC's role as a critical forum for information sharing and coordination in support of domestic security.

TSF is proud to support DSAC's continued evolution and impact, helping to deepen collaboration across the security community at a time when coordinated efforts are more important than ever.

- DSAC EWG Spring Meeting
- DSAC EWG Fall Meeting

OSAC Support

The Security Foundation proudly supported 47 OSAC programs in 2025. These programs create opportunities for public- and private-sector partners to share information and build connections in support of protecting U.S. citizens and interests abroad. OSAC fosters trusted networks through its membership community and ongoing engagements, including Country Chapters and Common Interest Committees across regional, sector, and special interest areas.

In 2025, OSAC also marked its 40th anniversary — a milestone that reflects four decades of building and sustaining trusted public-private partnerships to address evolving global security challenges. Membership remains free and open to U.S.-incorporated organizations with overseas operations.

We are grateful to the many corporations and individuals whose support makes OSAC's Common Interest Committees possible.

TSF 14th Annual Dinner

The 14th Annual TSF Dinner, held November 2025 at the iconic National Building Museum in Washington, D.C., brought together nearly 1,200 security professionals from across the public and private sectors. Featuring keynote remarks from General Stan McChrystal, the evening celebrated the strength of public-private partnerships and their role in advancing a global security network that helps keep U.S. companies, organizations, and citizens operating abroad safer and more secure. As one of the most anticipated gatherings in the industry, the event's success was made possible by the continued support of our sponsors, individual ticket holders, guests, and event partners.

SAPPHIRE SPONSOR SPOTLIGHT

"**Allied Universal** is unwavering in our support for The Security Foundation. We are proud and inspired by our shared vision of service, safety and communications. TSF's commitment to the Private / Public Partnership enables and empowers Allied Universal to provide a more secure environment for our clients and employees around the world. TSF's value by delivering resources, education, fundraising and networking opportunities is unparalleled. Thank you TSF, OSAC and DSAC."

"**Google** is proud to support The Security Foundation (TSF) and to have participated in the celebration of the 40th Anniversary of OSAC and the 20th Anniversary of DSAC. TSF plays a critical role in strengthening collaboration between the public and private sectors on critical security issues. Our ongoing collaboration with TSF reflects Google's commitment to advancing public private security initiatives for a safer world."

Target - "Meaningful security progress happens through collaboration. The Security Foundation fosters the trusted relationships that enable public and private sector partners to address shared risks, strengthening the safety and resilience of organizations like Target and the communities we serve."

Security Coalition for Engagement and Advancement (SCEA)

In 2025, the Security Coalition for Engagement & Advancement (SCEA) continued to strengthen pathways for collaboration, career development, and community engagement across the security profession. Building on the momentum of last year's SCEA Summit, the Coalition laid the groundwork for its fourth annual Summit, scheduled for May 5, 2026, further establishing it as a premier forum for connection, learning, and cross-functional dialogue.

SCEA expanded its impact through the launch of the SCEA Resource Hub, a curated collection of credible, career-relevant, and accessible tools designed to support professionals at every stage of their careers. Guided by a framework prioritizing trusted sources, practical application, and long-term value, the hub emphasizes resources that are evidence-based, inclusive, and aligned to defined career pathways from education and entry into the profession through leadership development and specialization.

The Coalition also introduced the Security Community Partner Calendar (SCPC), a centralized platform highlighting in-person events across the security community. This resource improves visibility into key engagements, helps deconflict scheduling, and encourages collaboration across organizations, delivering greater value for both security event planners and attendees.

Looking ahead, SCEA is planning to deliver additional resources through its committee work, including a webinar focused on hard skills for early-career practitioners, curated book recommendations, a security job-mapping tool, a mid-career job search toolkit, and a primer for transitioning military and law enforcement professionals. Together, these planned efforts reflect SCEA's continued commitment to building a more connected, informed, and accessible security workforce.

TSF Members

Individual TSF memberships are a meaningful way to support TSF's mission. We are pleased to highlight one of our members.

Mark Lowry - TSF Member Since 2021

Director, Operations & Administration of Rotary International

"TSF has been instrumental in supporting OSAC meetings and events for many years, and deepening my understanding of the interconnectedness between the public and private sectors. Individual membership is one small way I can support and contribute to TSF's mission."

TSF Pin and TSF Challenge Coin

WHAT DOES TSF MEMBERSHIP SUPPORT?

Becoming a TSF member is a wonderful way to advance our work supporting public-private partnerships worldwide. Individual memberships range from \$250 to \$1,500, and one membership fee can often fully fund an OSAC Country Chapter meeting or a DSAC Field Office Meeting.

Members receive a new TSF Pin or Challenge Coin, depending on the membership level, and other benefits.

For details, visit: securityfdn.org/become-a-member/

Nonprofit Grants Program Recipients

The Security Foundation's Nonprofit Grant Program supports smaller, U.S.-based nonprofits serving the security industry and has helped nonprofits build capacity and better serve their mission.

In 2025, we proudly supported the following nonprofits:

The Foley Foundation's mission is to advocate for American hostages and wrongful detainees held abroad and promote journalist safety. The TSF grant to the Foley Foundation will fund hostage families' attendance at their annual Freedom Awards dinner.

Girl Security's mission is to empower girls and young women from underrepresented communities with the skills, experiences, networks, and support to pursue national security careers. As part of Girl Security's approach, they work to advance girls' and women's voices on national security issues with gendered impacts.

The Diplomatic Security Foundation (DSF) provides timely financial support and charitable contributions to members, and their immediate family, of the US Department of State's Bureau of Diplomatic Security and colleagues in the law enforcement and US foreign affairs community.

The FBI Agents Association Membership Assistance Fund (MAF) was created in 2009 to provide financial assistance to FBI Agents Association members and their families who have been affected by a sudden, unforeseen tragedy. The Fund has helped families make emergency travel, afford treatments for grave illnesses and injuries, purchase necessary durable medical equipment and pay for funeral expenses.

15TH ANNUAL TSF DINNER

Wednesday, November 18, 2026

National Building Museum
Washington, D.C. 20001

An evening dedicated to celebrating public private partnerships and the visionary work of OSAC and DSAC in furthering the global security network to keep U.S. companies, organizations and citizens working worldwide safer and more secure.

KEYNOTE SPEAKER

Ambassador Nicholas Burns

*U.S. Ambassador to China (2021-2025) and
Distinguished Leader in Global Diplomacy*

The Security Foundation (TSF) is pleased to announce that Ambassador Nicholas Burns will serve as the keynote speaker at the upcoming TSF Annual Dinner.

Ambassador Burns brings more than three decades of experience in U.S. diplomacy and international affairs, having served six Presidents and nine Secretaries of State across both parties. Most recently, he served as U.S. Ambassador to China (2021–2025), where he led a multi-agency mission advancing U.S. interests across a broad range of security, economic, and diplomatic priorities.

Throughout his career, Ambassador Burns has played a key role in strengthening international partnerships and navigating complex global challenges, including his leadership as U.S. Ambassador to NATO and his service at the National Security Council on Russia/Ukraine Affairs for Presidents George H.W. Bush and Bill Clinton.

His perspective reflects a deep commitment to public service and a longstanding focus on advancing collaboration across governments, institutions, and sectors.
